

# APPRENTICE MASTER

## Apprentice/Master project:

The Apprentice/Master project matches talented graduating fine arts students (BA or MA) from different art schools in Europe and one in China, to renowned contemporary artists who connect with the work of the apprentices. During the project, groups of four or five apprentices work together and exhibit alongside their master artist. The coming season will result in a series of 23 exhibitions in the United Kingdom, Spain, Lithuania, Belgium, Czech Republic, Hungary, Slovenia, Ireland and the Netherlands.
